Jayne--

I would also add some older docs to the list, including LO regarding the IR-TMDL authorities and the July 2011 IR-TMDL developed schedule ODEQ sent by email.

By December 31, EPA/NOAA provide Oregon and plaintiffs with initial written assessment on

1) whether implementation of the Oregon Coastal TMDL Approach in the Mid-Coast Sub-basins is likely to result in actions that will achieve and maintain WQS and

2) whether OR's plan for developing and updating TMDLs for all sub-basins in the CNPCP management area using the Oregon Coastal TMDL Approach could satisfy the outstanding forestry condition.

In developing this assessment, EPA/NOAA should consider comments from plaintiff with respect to ODEQ's proposed TMDLs and BMPs.

Please review the attached draft list of documents to be used for EPA/NOAA's Initial Assessment described above and let me know of any missing documents or ones provided on the list which will not provide any useful information for the assessment by COB October 26.

(See attached file: Dec 2012 List of Documents.docx)
